Trimester 4 weeks 7-12 Starts January 2015

Trimester 5 Starts February 2015

Tuition

Tuition is \$65 per trimester and is due the first week of each trimester. Example, trimester 1 tuition is due Sept 9.

Grading

There will be 4 components to your grade per trimester.

1. The midterm and final exams
2. Class attendance.
3. Homework for each class.
4. Ministry of helps, minus 10 percent if not complete

Exams

The midterm will be on week 6. You will need your homework for weeks 1-5 completed by week 6. The final will be on week 12. You will need your homework for weeks 7-11 completed by week 12. Each exam will consist of approximately 40 questions. 60% or higher is required to pass.

Attendance - Makeup & Review Classes

We will be taking attendance every class. There is an 80% attendance requirement in order to pass the trimester.

Make up and review classes can be done two ways.

- Each trimester is available to view online at <http://isom.org/isom-online> for \$10 per trimester. This will allow you to review the trimester for 6 months. You can pay directly at the website.
- Review disks for the complete trimester will be available at the start of each trimester for \$30 per trimester.

When making up a class a summary of the class needs to be handed in to the facilitator in order to get credit for the class.

Homework

Each session has a section in the workbook called Self–Study. These will be counted as your homework. You will not be required to turn in the homework. We highly recommend that you do the homework weekly to supplement what you learned in class. You will be given 5 percent per course for completing a majority of the homework. No points will be deducted if not complete.

Ministry of Helps

We require each student to serve 10 hours or 5 services each trimester in their local church. A form will need to be filled out by you and signed by the department head. This form needs to be turned in on week 11 of each trimester. A list of areas to serve at Oak Valley Church will be handed out at the beginning of trimester 1 and upon request. If you attend a different church, please communicate with us regarding areas you would like to serve in at your local church in order to receive credit. If you are already serving in your church you may use this towards your requirement. 10 percent will be deducted from your overall grade if ministry of helps from is not completed properly.

Accreditation

ISOM Courses transfer to a number of different institutions, including Christian Leadership University, Vision International and Covenant Theological Seminary. Each institution has its own fee structure and deems the amount of credit towards its degrees the ISOM curriculum provides. These institutions generally recognize the training to be equal to their respective Associate Programs.
